A Snail

By Adrian M., Ms. Franco's Class

- Crayon drawing scanned, saved as JPG file, and inserted into AW

One day a snail grew. He was hungry, so he went to look for food. He looked behind and he found food. He found two leaves. He ate one and the other one he saved for later. In the morning he was bigger and he left his shell. He grew a new shell and he ate the other leaf. He met new friends and he was so happy.

The End
