

My Special Pet

by Alexis

One day my father came with a present for me. I asked, "Could I open the present?" He said, "Not until your big brother comes from school." Then my brother came and I opened the present. It was a bird. His name is Rock. When I am at home, I take care of his cage and he flies.

One day I got a dog. He is little and he smells like flowers. My dog is brown. I like him. I play with my dog. I read with my dog. My dog plays with my baby brother.
