

Our Library Trip

We walked all the way to the library. Becky saw cars and people. Everybody watched cars and flags too. We went in the library. We were hot. David and Becky were hot. Everybody was hot except Walter. The door of the library was locked. Inside Miss Black read us a book about dinosaurs. When she opened the book we saw big dinosaurs. The dinosaurs we hungry for the leaves so they would eat them. They would eat fruit too. And a

lot of worms. Walter got a book about a bear. David got a school bus book. Becky got a monster book. It was a good book. The little cat went in the street because it was sick and it had germs and it was dirty. We saved her and we put her in the office.
