

A starfish lives in the ocean. It has five legs and a head. I like it because it is orange.

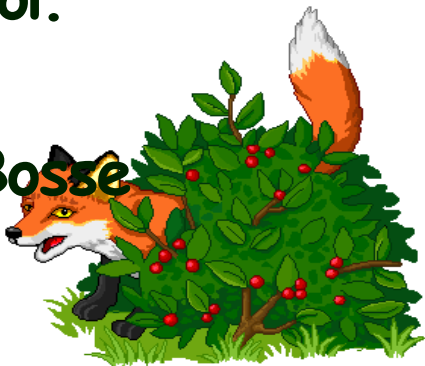

By Alejandra

A toucan lives in the rain forest. It has two wings, it flies and it eats bananas.

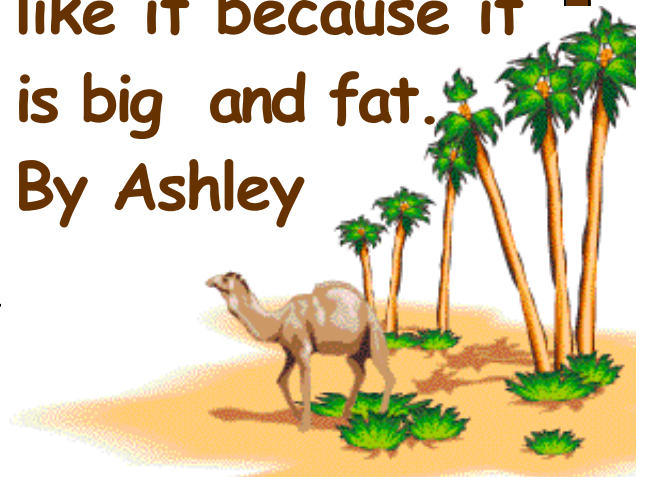

By Adrian

A fox lives in the forest. It has fur and teeth. I like it because it is cool.

By Bosse

The camel lives in the desert. It has two humps and a big tail. I like it because it is big and fat.
